Opis

Compaq NC7131 64/66 PCI, 10/100/1000-T

- Part Numbers: Option Part #: 158575-B21
- Bus interface: PCI 64-bit / 66MHz, compatible with 64-bit / 33MHz or 32-bit, 33-MHz Bus Master DMA
- Compliance: IEEE 802.3i, 802.3u, 802.3x, 802.3ab, 802.3ad (static configuration mode only), 802.1p, and

802.1Q

- Power requirements: 1600mA@+5V typical
- Certifications: BSMI Class A, FCC Class B, VCCI Class B, CISPR 22 Class B, EN60950, EN55022 Class B, EN55024, ICES-003 Class B, UL
- Data Transfer: 32-bit bus-master PCI, 10 or 100Mb/s, Auto negotiating
- Connector: One RJ-45
- Communication processor: Intel 82543GC chipset
- Supported cabling: CATegory 5 or higher UTP (4 pair), Up to 100 meters (328 feet)
- Standard Features
- Auto-negotiating 10/100/1000 RJ-45 port delivers Gigabit Ethernet over copper cabling
- 64-bit/66MHz PCI, compatible with 64-bit/33MHz or 32-bit/33MHz Bus Master DMA
- Support for IEEE standards 802.3ab, 802.3u, 802.3x, 802.1p, and 802.1Q
- Support for IEEE 802.3ad Link Aggregation (static configuration mode only)
- Support for Fast EtherChannel and Gigabit EtherChannel
- PCI Hot Plug compliant
- LED indicators for activity, link integrity, and speed
- 64-bit addressing for systems with more than 4GB of physical memory
- Full- and half-duplex operation
- Adaptive Load Balancing (ALB)
- Network Fault Tolerance (NFT)
- Operating system support
- Windows 2000
- Windows NT 4.0
- Novell NetWare 4.x, 5.x Server
- SCO UnixWare 7.x
- SCO OpenServer 5.x
- Linux Red Hat 7.x
- MS-DOS Client for unattended installation

Dodatkowy opis

Cena	239,00 zł
Producent	Compaq
Porty we/wy	10/100/1000 Mbit/s
Typ gniazda	PCI-X
Stan produktu	Nowy
Gwarancja	3 lata gwarancji
